

SUMMER READING

Providence High School

Providence High School's Summer Reading Program is designed to reinforce our educational mission; namely, to produce lifelong learners who are critical thinkers with a strong sense of intellectual curiosity and a love of learning. To this aim, every student in every grade is required to read a novel over the summer break. Please note that even if students have read the novel before, they will need to re-read it to be properly prepared for the first weeks of school! Each **mandatory** novel has a study guide to accompany it, which may require that the student write answers directly in the novel, so students will need to purchase personal copies of the novels. Please see the English Department site on the PHS Portal or our public site for the study guides. Read all directions on the study guide to ensure you will receive full credit on the work you do. Study guide answers will be checked during the first week of school. Objective tests will be administered on the summer reading novel as well.

9th Grade Introduction to Genres & Composition (College Prep. & Honors):

To Kill a Mockingbird by Harper Lee

(ISBN# 9780446310789)
